

Globe Theatre Theatre Technician

Globe Theatre is looking for a Theatre Technician to assist with load ins, show calls, load outs and casual work in the various production departments.

Globe Theatre encourages a team-orientated environment where the efforts of all the employees are focused on supporting the art form. The individual in this position must enjoy working with people and have a willingness to learn. In addition to having excellent communication and problem solving skills, the Theatre expects the Technician to:

- Have a basic knowledge of lighting equipment and lighting console operation
- Have a basic knowledge of sound equipment and sound board operation
- Have some experience hanging and focusing lighting instruments
- Be comfortable climbing and moving ladders
- Have strong time management skills and be able to work towards a deadline

A background in theatre is an asset though not a requirement.

Interested individuals should email a letter of interest, resume and references to:

Steven Balkwill, Director of Production
